

CAPTAIN'S CIRCLE · SIGNATURE PROGRAMME

Captain's Circle

Not a certificate — an ecosystem. Five days (three of theory, two at sea) to master guest experience, management and the business of running a yacht.

DURATION	LEVEL	FROM	NEXT INTAKE
5 days	Captains & senior crew	€2,900	Sept 2027

Beyond the ticket

A licence proves you can drive the boat. It doesn't teach you to run an exceptional charter, lead a crew through a hard season, keep clean books, or build the network that gets you the best positions.

The Captain's Circle is our signature programme — five intensive days focused entirely on what makes a captain's reputation: **guest experience, management, and the business of the yacht.**

What you'll master

- **Guest experience** — reading owners and guests, and the details behind the best charters on the Riviera
- **Leadership & management** — building and leading a crew, hiring well, handling conflict
- **The business of the yacht** — budgets, suppliers and clean onboard accounts with our partner Scyllastar
- **Mechanical oversight** — staying ahead of maintenance and briefing engineers and yards
- **The network** — surrounding yourself with the right people

The five days

Days 1–3 · Theory, ashore — guest experience, leadership, accounting and yacht business through real cases.

Days 4–5 · Practice, at sea — everything applied aboard a real working yacht, run as if the owner were aboard.

More than a course — an ecosystem

You join a living network: a private WhatsApp channel of top captains, trusted internal job referrals, the Scyllastar tools to run your accounts, and a certificate-renewal tracker. The five days end; the Circle doesn't.
